Pick your Configuration

Select from vertical or horizontal sliding configurations that can be delivered pre-framed or unassembled.

P. 16-17 Sliders	P. 22 Sizing Chart
P. 15 Configurations	

Pick your Accessories

Choose from a variety of display and marker rails, accessories, directories, cases, and mobile units.

P. 19 Coat Racks	P. 14 Mobile Units
P. 20 Directories & Cases	P. 21 Rails & Accessories
	P. 18 Installation Guide

TRIM SYSTEMS

ELITE REVEAL

The floating clean-line trim system

The limitless versatility of our Elite Reveal framing system is unmatched. Our innovative 1/8" reveal comes standard on all installations and is available in any number of finishes. When your design calls for the coolness of minimal aluminum framing, any number of materials can be used to create striking, crisp, clean installations that float off your finished wall surface.

- Minimal Framing
- 1/8" Reveal

SERIES 9100

Slim Trim

Our slim and durable framing system that's available with a square or radius corner. The Series 9100 is available in 5 standard sizes and custom sizes.

- Radius corner is available in clear anodized aluminum
- Square corner is available in clear anodized aluminum
- Sophisticated narrow face trim
- 9/32" exposed frame

SERIES 9800

The subtle and elegant trim system

The most popular trim system, engineered to provide a permanent, direct-to-the-wall installation, at an economical price. With its striking 3/4" face, this series was designed for the discriminating designer who desires an elegant style trim that does not overpower the room but complements and harmonizes with modern decor schemes.

- Subtle Framing
- 3/4" Exposed Frame
- Available as a knock-down, multipanel option for customizable assembly on-site.

SERIES 9300

The bold and heavy-duty trim system

A prominent, heavy-duty framing system, providing a permanent application with a retro flair. With its 1-1/2" wide face protruding 1/4" off the finished writing surface, Series 9300 units are available in a variety of finishes.

- Bold, Heavy-Duty Construction
- 1-1/2" Exposed Frame

WRITING SURFACE OPTIONS

PORCELAIN SURFACES

ASI Porcelain writing surfaces are made for busy offices and boisterous classrooms, providing a super-smooth writing surface that erases like magic and will not scratch, stain, or fade for as long as it is in use—guaranteed. It is the most popular writing surface for chalkboards and whiteboards, providing superior writability, durability, and erasability.

Shipped In 48 HOURS
Available to be shipped in 48 hours.

Sizes included in 48 hour offering are:

- 4' X 4'
- 4' X 6'
- 4' X 8'
- Series 9800 boards come framed all around with flat or angled trays. Other accessories can be specified as required.

- Lifetime warranty (on writing surface for the life of the building)
- Can be written on with dry-erase markers
- Optimum erasability—and easy to maintain
- Scratch, bacteria, chemical, and fire resistant—will not combust or release toxic fumes in the event of fire
- Greater color contrast
- Standard is high gloss white
- Premium color finishes available
- Colorfast—will not fade
- Safe and clean—releases no harmful chemicals into the environment
- Available in Series 9800, 9300, 9100 Radius and Square, Elite Reveal and Knock Down frames

WRITING SURFACE OPTIONS

GLASS SURFACES

The performance of ASI Glass Markerboards is unmatched in the industry, allowing designers and architects the ability to showcase interiors with this striking product line. Its clean lines and superior erasability are achieved using only ASI's UltraClear™, 1/4" tempered glass, also known as museum glass. ASI Glass Markerboards are available in 3 framing styles and may be optionally specified with a backing that allows for magnetic applications when used with rare earth magnets.

Features:

- All glass tempered
- Sizes up to 82" x 142"
- 1/4" low iron tempered UltraClear™ glass
- Custom graphics available
- Optional magnetic backing

FRAMELESS GLASS
with edge grip stand-offs

FRAMELESS GLASS
with hidden Z track bracket

Actual colors may vary slightly from those shown due to limitations in the printing process.

TACKBOARD SURFACE OPTIONS

NATURAL CORK

There is no other material, either man-made or natural, with all the properties and characteristics that are unique to cork: light-weight, rot resistant, compressible and recoverable, expandable, fire resistant in its natural state, impermeable, soft and buoyant. Because of this unparalleled combination of properties, cork raw material has a wide variety of applications. With its light-weight honeycomb structure and its flexible membrane, cork is the ideal material for bulletin boards.

Available in:

- Ready to mount rigid boards up to 5' x 10' (*see page 24 for size details*)
- Optionally available in 4' wide rolls, up to 105' long
- Series 9800, and Knock Down frames

Features:

- Environmentally friendly
- Renewable resource

Shipped in
48 HOURS

Available to be shipped in 48 hours.

Sizes included in 48 hour offering are:

- 4' X 4'
- 4' X 6'
- 4' X 8'
- Series 9800 4 sided

FABRIC TAC**

Our new "Eco Fabric" is made from 100% recycled polyester crepe, designed for recyclability. It's a subtle intermingling of colors across a clean, refined surface that offers a classic look that is ideal for a wide range of end uses. Performance characteristics allow for optimum functionality, and the material is resistant to 100,000 double rubs. Fabric Tac® boards are available in Series 9800, 9100 Radius and Square, and Knock Down frames.

FABRIC COLOR SELECTION:

VINYL TAC

Vinyl has a lightly embossed simple, timeless, and classic woven effect that is colored in shades of dulled red and blue-gray tones. Its 20 oz weight makes it an incredibly durable finish for bulletin boards that offer superior cleaning and design flexibility, while maintaining fire resistance. Vinyl Tac boards are available in Series 9800 and Knock Down frames.

VINYL COLOR SELECTION:

Additional colors available, please contact us for pricing and availability. Colors subject to change.

*Fabric Tac® available in a wide range of colors from virtually any fabric manufacturer including Guilford, Maharam, Knoll®, and Victor. Actual colors may vary slightly from those shown due to limitations in the printing process.

Available in:

- Ready to mount rigid boards up to 5' x 12' (see page 24 for size details)
- 1/4" (6mm) thick
- Series 9800 and Knock Down frames

FORBO®

Forbo® Bulletin Board is produced from natural and renewable raw materials. A combination of oxidized linseed oil, resin, and finely ground cork gives Forbo® its flexibility and resilience. This combination results in a product with exceptional durability and a sustainable footprint.

Self-healing properties

Its strength and resilience make Forbo® the ideal material for pin boards, notice boards, and all other surfaces where ideas and information are exchanged. The board material retains its grip and doesn't crumble like traditional soft boards as the pinholes close after extraction of the pins.

Practical & hygienic

Forbo® does not attract dust and has bacteriostatic properties. This makes it a practical solution in classrooms and a hygienic choice in healthcare environments where "get well" messages can be pinned behind the bed.

FORBO® BULLETIN BOARD COLOR SELECTION:

The choice for environments where a functional, washable, tackable surface is needed.

Standard Colors

			
Duck Egg 2162	*Potato Skin 2182	Poppy Seed 2204	Oyster Shell 2206
			
Black Olive 2209

MOBILE UNITS

Mobile Units are constructed of welded steel framing with a durable baked enamel paint finish. Ball type casters are installed to each foot assembly to provide ease of movement.

ASI Mobile Units are offered in 2 surfaces providing various combinations of markerboards and tackboards to suit your individual requirements.

- Available in:
- All panel types
 - All units double sided
 - 4' x 6', 4' x 8' (horizontal) and 6' x 4' (vertical) sizes
 - Powder coated black frames
 - Silent ball type caster—with brakes

CONFIGURATIONS

TYPICAL MARKERBOARD, CHALKBOARD, & TACKBOARD CONFIGURATIONS:

Type A

Type CO

Type C

Type GR (Tackboard on Right)—Type GL (Tackboard on Left)

Type BR (Tackboard on Right)—Type BL (Tackboard on Left)

Type D

Type F

Type H

HORIZONTAL AND VERTICAL SLIDERS

Horizontal and vertical sliding units present a unique method of installing additional writing surfaces where limited wall space occurs. Sliding panels move laterally or vertically in front of a fixed back panel to substantially increase writing area. For ease of operation, panels are top suspended and slide easily over the extruded aluminum track on nylon rollers.

- Features:**
- Available in a wide variety of surface options and finishes
 - Easy maintenance and operation
 - Boards operate quietly

SINGLE HORIZONTAL SLIDER

DOUBLE HORIZONTAL SLIDER

TRIPLE HORIZONTAL SLIDER

SINGLE VERTICAL SLIDER

DOUBLE VERTICAL SLIDER

MOTORIZED SLIDER

INSTALLATION

EASI INSTALL

All of our boards are available fully assembled but we also have a unique alternative. Using our innovative “Easi Install” system, you can save on shipping, handling, and installation. Mounting the tray directly to the wall first allows the installer the flexibility to anchor directly to the wall at 16" centers. Once up, the framed unit simply drops in the tray and is fastened at the top either through the map rail or using simple L clips.

- Boards lay flat for shipping and handling
- Allows distributors to stock 3 different styles of boards (same board—3 optional trays)
- Board is installed up to 10% faster
- Stronger installation
- No gluing required
- Easier handling

INSTALLATION

- 1

Fasten tray securely to wall (provided loose).
- 2

Remove clips from hardware kit.
- 3

Locate studs—if applicable—and fasten clips through slot B into studs (wall).
Note: larger boards may have 3 clips.
- 4

Set board in tray.
- 5

Tap down clips to sit on top of board. Using screws removed in step 1, fasten clips to board through hole C.
Note: screws are self drilling, use electric drill with Robertson #2 bit to install.

COAT RACKS

COAT RACKS

BAYCO

- ASI Bayco Executive Coat Racks offer an attractive alternative to conventional coat and boot racks.
- All units are made with highly durable, clear anodized aluminum tubing and die cast brackets to provide exceptional strength and uniform appearance.
 - Standard Installation* – Coat racks are designed to be wall-mounted, easily and economically.

CL-40 and CL-50 closet units are ideally suited for interior closet and end wall applications, providing storage space for both garments and accessories.

BAYCO COLOR SELECTION:

Colors subject to change.

Actual colors may vary slightly from those shown due to limitations in the printing process.
*Optional freestanding units are available, with or without wheels.
For details, please contact us at 905.822.4287 or send an email to quotes@asigroup-canada.com.

STUDENT LINE

- ASI Student Line Coat Racks are constructed using the finest materials available to provide a system that is both strong and durable.
- Units are finished with a high performance electro statically applied powder coating to ensure years of worry-free maintenance.
 - Solid impact resistant ABS hooks are available in 5 colors for use on various models.
 - Hooks are spaced at 6" on center and each lineal foot of coat rack will provide 2 students with ample storage room.
 - Standard Installation* – Coat racks are designed to be wall-mounted, easily and economically.
 - Mounting heights can be easily changed to accommodate changing classroom requirements.

STUDENT LINE RACK COLOR SELECTION:

STUDENT LINE HOOK COLOR SELECTION:

ENCLOSED CASES & TROPHY CASES

SLIDING GLASS
BULLETIN DIRECTORY

Ideal frame type for larger units, this unit has 1/4" thick sliding glass doors and is able to be made in larger sizes without the need for a center mullion, offering a clean unobstructed view of the entire face of the board. The units are supplied with a ratchet lock and 2 keys. This unit is custom made to your choice of frame color and backing type.

Glass Enclosed Units:

- Available in all panel types
- Hinged and sliding glass doors available
- 1/8" acrylic glass standard on hinged units
- Full length piano hinge on hinged units
- All fastenings concealed within units
- 1/4" tempered glass standard on sliding door units

HINGED DOOR
BULLETIN DIRECTORY

Our most popular and versatile frame type, the hinged door unit is available with a wide choice of glazing, and a cylinder lock and 2 keys are standard. Available in all frame finishes and background choices, the hinged door unit is custom made to your exacting specifications.

TROPHY
CASES

Wall mounted display cases are shipped complete with 3 adjustable shelves. Fluorescent lights are optional, and the units come standard with a glass top and ends. These models have sliding doors with a ratchet lock and 2 keys. Satin anodized aluminum frame is the standard finish, with satin gold, standard bronze, and black as optional finishes.

Recessed display cases are made to the same exacting specifications as our wall mounted units and incorporate a recessed mounting trim kit. Refer to our surface selector guide for a full choice of finishing options.

RAILS & ACCESSORIES

DISPLAY & MARKER RAILS

ASI offers an assortment of display rails from simple cork strips to the cleanliness of our unique KwikGrip® roller system. Each is available with a number of accessories—map hooks, roller brackets, or flag holders.
